Acts invalidating warranty

This warranty is void if this Riptide swim spa has been improperly installed, subjected to alteration, misuse or abuse, or if any repairs on the swim spa are attempted by anyone other than an authorised representative of Riptide. Alteration shall include component or plumbing change, electrical conversion or the addition of any non-approved sanitation or water purification device or heating system which contributes to a component or unit failure or unsafe operating system. Misuse and abuse shall include: any operation of the swim spa other than in accordance with Riptide's printed instructions, or use of the swim spa in an application for which it is not designed. Specifically: use of the swim spa in a non-residential application; damage caused by the operation of the swim spa outside the specified voltage requirements (230 +/- 10%), operation of the swim spa at water temperatures outside the ranges of 1°C and 42°C; damage caused by voltage spikes or "brownout" conditions; damage caused by dirty, clogged or calcified filter cartridges; damage caused by the use of trichloro chlorine, chemical tablets in a floater, acid or by any other spa / pool chemicals or cleaners which are not recommended by Riptide; damage caused by allowing undissolved sanitizing chemicals to lie on the swim spa surface (no swim spa can withstand this kind of abuse); damage to components or surface caused by improper pH balance or other improper water chemistry maintenance; and damage to the swim spa surface caused by leaving the swim spa uncovered while empty of water and in direct exposure to sunlight (causing solar heating distress) are considered abuses and will invalidate warranty.

The standard swim spa covers are not designed to support heavy weight loads and should not be used as a seat. In extreme cases the lid could crack and break. This occurrence is considered abuse and is not covered under this warranty.
